

Wandermere Heights

Good afternoon neighbors!

As summer begins, and the nicer weather starts (finally!), many of us are eager to get out into the wonderful wilderness that surrounds us. As we prepare for our outings (camping, fishing, going to the lake, etc.), please remember that our CC&Rs state that RVs and boats should not be parked in front of our homes, or in our driveways, for more than 48 hours. Of course there may be circumstances that require exceptions, and we can definitely discuss those as needed. This rule is in place to ensure our neighborhood stays as beautiful as it was to bring us all here in the first place.

Please let the HOA board know if there are any questions.

Now go forth and enjoy the weather!

Thank you,

HOA Board
